

2016 iUTAH Summer Institute

Program dates: July 11-15, 2016

Are you a teacher,
undergraduate student
or high school student?

Spend a week
outside this summer
doing research related to
water quality
and availability.

Learn about water issues
in Utah, build your
resume, work with iUTAH
researchers
& earn a stipend.

Participate in a Utah
water sustainability
symposium
& contribute
your findings.

Applications Due:
May 1, 2016
